

### Obtain up to 3 LEED Home Points

Category	Intent	Requirement	Points	KWP Solution
Materials and Resources MR 2.2 a	Increase demand for environmentally preferable products.	Recycled content, reclaimed or FSC-certified.	½ point – siding ½ point – trim	Our wood siding and trims are EPP certified 100% recycled or recovered wood fiber.
Materials and Resources MR 2.2 c	Increase demand for products that are extracted, processed, and manufactured within the region.	Products must be extracted, processed, and manufactured within 500 miles of the home.	½ point – siding ½ point – trim	Our wood siding and trims are manufactured in Le Gardeur, Quebec and our wood supplier is located in Sayabec, Quebec and may contribute to points based on the proximity of the project.
Sustainable Sites SS 5.1	Design home features to minimize the need for poisons for control rodents.	Keep all wood at least 12 inches above soil.	½ point	Meets requirements of our installation guide.
		Where openings cannot be sealed, install rodent proof screens.	½ point	Our vinyl Anti-Rodent L-trim seals off any openings that cannot be caulked.

### Obtain up to 4 LEED New Construction Points

Category	Intent	Requirement	Points	KWP Solution
Materials and Resources MR 4.1	Increase the use of products that incorporate recycled content materials	Sum of recycled content constitutes at least 10% of materials in the project.	1 point	Our wood siding and trims are EPP certified 100% recycled or recovered wood fibers.
Materials and Resources MR 4.2	Increase the use of products that incorporate recycled content materials	Sum of recycled content constitutes at least 20% of materials in the project.	1 point in addition to MR 4.1	Our wood siding and trims are EPP certified 100% recycled or recovered wood fibers.
Materials and Resources MR 5.1	Increase the use of materials that are extracted and manufactured within the project region.	Use a min. of 20% of the combined value of construction materials and products manufactured within a 500 mile radius of the project.	1 point	Our wood siding and trims are manufactured in Le Gardeur, Quebec and our wood supplier is located in Sayabec, Quebec and may contribute to points based on the proximity of the project.
Materials and Resources MR 5.2	Increase the use of materials that are extracted and manufactured within the project region.	In addition to the requirements of MR 5.1, use a min. of 10% of the combined value of construction materials and products extracted, harvested, or recovered, as well as manufactured within 500 miles of the project.	1 point	Our wood uses fibers recovered near our manufacturer's facility in Canada and may contribute to points based on the proximity of the project.
